The screenshot displays a web application interface for a course titled "CRIM 301". At the top left, there is a logo for "ACCENT Alpha" consisting of a tag icon and the text "ACCENT Alpha". At the top right, a user is logged in as "Kevin", with links for "Settings" and "Logout". Below the header, a "BACK" button is visible. The main content area is titled "CRIM 301" and includes a "Course Week" dropdown menu set to "Week 5". To the right, there is a "Video Notes of:" dropdown menu set to "Introduction to the Justice System". Further right is a "Filter:" section with buttons for "AL", "I", "E", "Ir", "F", "G", and "?". On the far right, there is a "Tag Search" section with a text input field labeled "Search your tags...". The main content area lists four video notes, each with a "VIDE" button, a title, a duration, and a paragraph of placeholder text. The notes are: 1. "What is the law?" (3:25), 2. "The culture that developed law" (4:25 - 6:30), 3. "Law 101 - Glossary" (7:30), and 4. "The best lawyer on earth" (8:25 - 9:00).

ITERATION ON NOTIFICATIONS

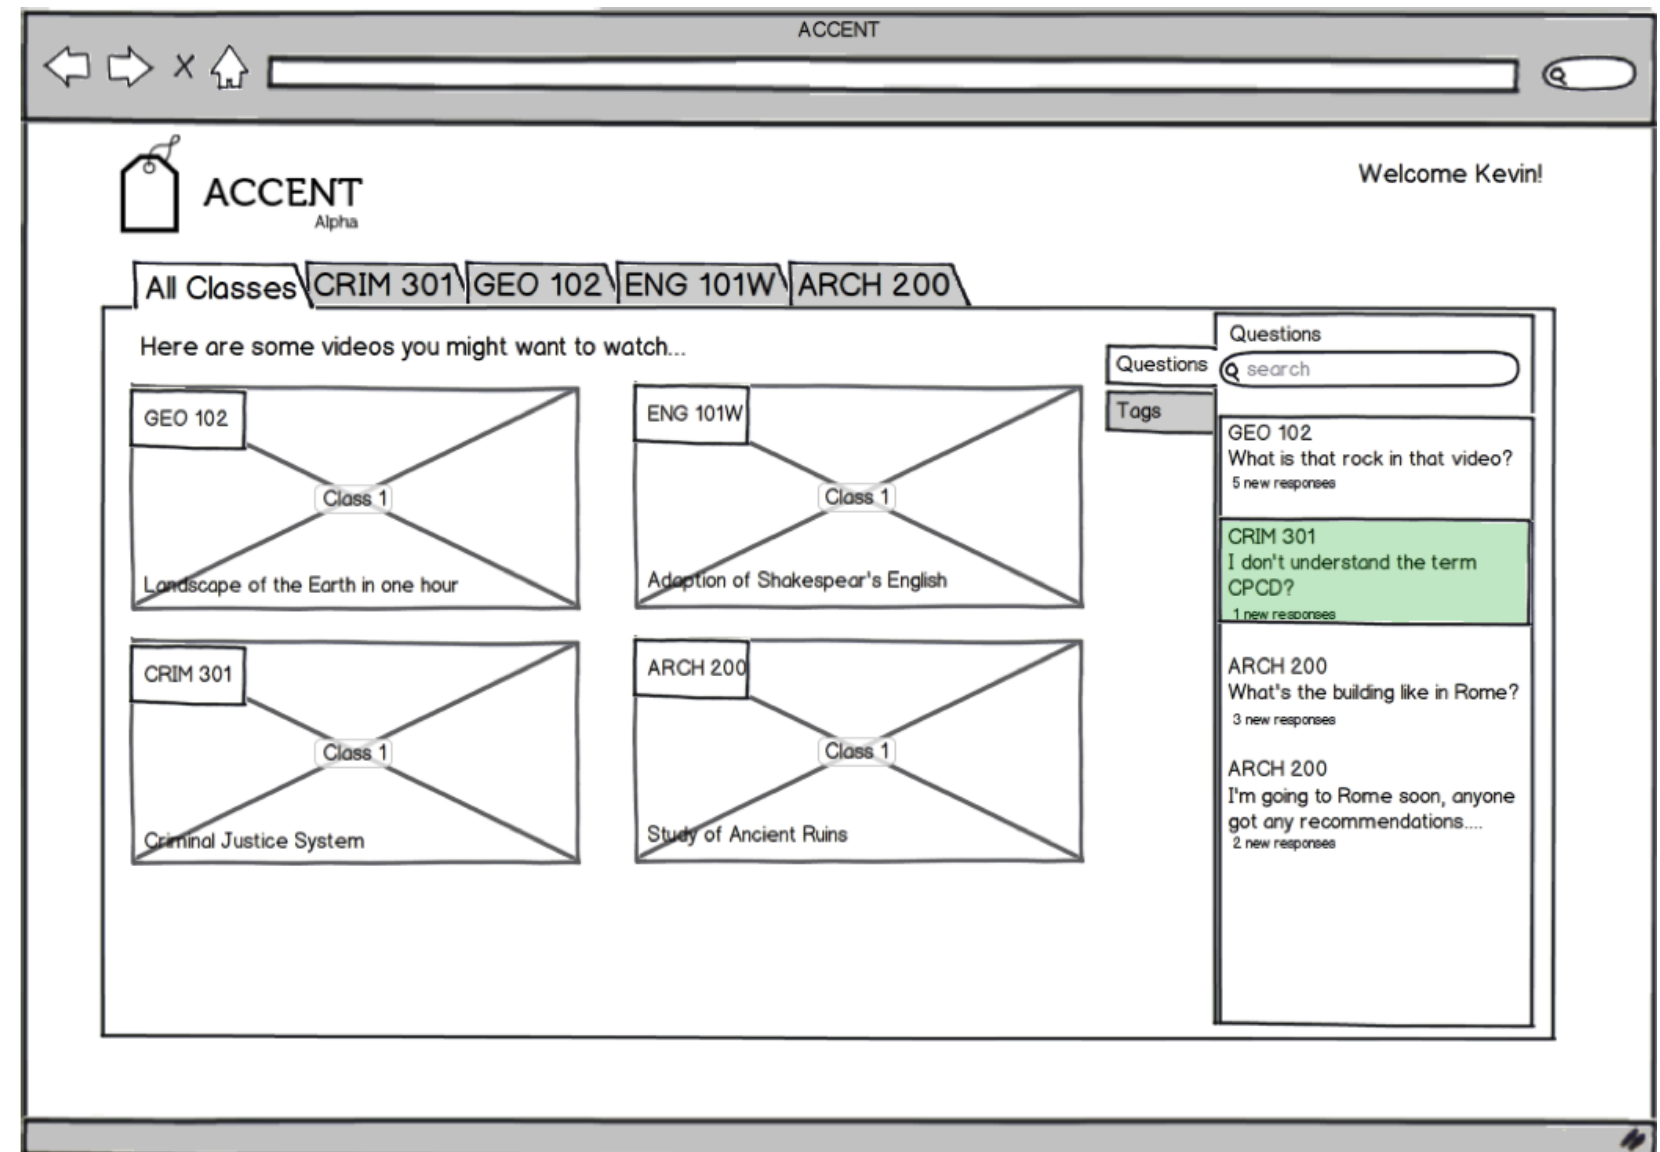

Change - Association with Notification

Original Intention

Students would see notifications as part of the questions / tag bar on main page.

Altered Intention

Mindset of students would determine what class they want to focus on. Notifications should not create so much visual clutter and should be associated with classes.
